March 17, 2020

Dear Parents and Larger School Community:

We just received news that a parent of two of our K-8 students has tested positive for the 2019 novel coronavirus/COVID-19. This information is being shared so that you can continue to monitor the ongoing health of your families. At this time, when a national issue arrives so close to home, it serves as a stark reminder of the importance of remaining vigilant about minimizing the potential community impact of the disease.

To minimize the threat to the local community, we can all take steps in our respective families to keep everyone safe. This includes avoiding unnecessary social interactions outside of our homes and practicing social distancing if travel outside the home is necessary.

During this school closure, the District will continue to reach out to families to provide support and to maintain open lines of communication. It is essential that we stay abreast of the health of our community, and we would ask families to report any confirmed cases of COVID-19. You may access contact information by visiting the District website ([www.msad72.org](http://www.msad72.org)).

Best wishes and continued health to all.

Sincerely,

Jay Robinson  
Superintendent of Schools  
MSAD 72
