

**From the School Nurse:**

Dental Clinics will be happening in the schools on the following date:

**Monday, October 23, 2017**

Who Can Participate? If your child is being seen **EVERY six (6) months** by a dental provider other than Fryeburg Family Dental at school, for either an exam by a dentist, dental cleaning and fillings (if needed) **do not fill out the dental permission** as he/she does not qualify for the service.

There are Three (3) ways to participate with this program, if your child has: 1. MaineCare Insurance. 2. Other Dental Insurance = Guardian, NE Delta & Ameritas. 3. No Dental Insurance (will be a self-pay participant (\$65)). If you send payment in with your permission form please place in a clearly marked envelope for the Dental Program.

If you would like your child to participate in these dental clinics please complete the dental permission and return it by Tuesday, October 10, 2017.

The clinics will be provided by Fryeburg Family Dental. Licensed, registered dental hygienists will set up their clinics in our schools and your child can be seen during school hours. Oral assessments, oral hygiene instruction, cleanings & fluoride treatments will be provided to those students who qualify and submit a completed permission.

Please call Nancy Boucher, the District School Nurse if you have any questions (935-2600 Ext. 1248).
